

Dayton Men Against Domestic Violence

Dayton Men Against Domestic Violence is an Awareness Campaign designed to create a stronger partnership with men who believe in our mission of Leading the Community In Its Commitment to End Domestic Violence. We invite leaders, entrepreneurs and philanthropists to join us in this grassroots social movement which reengages men in domestic violence prevention but also creates a unique opportunity for men to invite others to “Stand with Me to Break the Cycle of Domestic Violence”.

The Awareness Campaign:

In conjunction with Domestic Violence Awareness Month (DVAM), Artemis will feature one photo of Dayton Men Against Domestic Violence via social media and on our website each day in October. These photos will also be shown during our Breaking the Cycle Fundraising Breakfast on October 17, 2019.
