Letter from the Executive Director

2019 was a difficult year for many in the Miami Valley. Our city was challenged by the KKK who came to our home to spread hate, multiple tornados over Memorial Day weekend left a path of incredible destruction, a horrific mass shooting took place in the Oregon District, and beloved Detective Del Rio of the Dayton Police Department was murdered. The words "Dayton Strong" have been spoken about our community because we are, and we continue to find strength in times that look to divide us.

At Artemis Center, "Dayton Strong" means the strength of the survivors who we have the privilege to serve each day. They continue to show us what resiliency and courage looks like as they manage unimaginable challenges. We have the honor of answering the Montgomery County domestic violence hotline 24 hours a day, 7 days a week. This allows our dedicated staff to provide services to individuals who are in need of support, encouragement, resources and hope. Our child therapists work diligently to end the cycle of violence passed down through generations.

Your generous support in 2019 allowed us to help increase the safety of thousands of survivors and their children. We are fortunate to have such a strong support system who keep us "Dayton Strong".

Jane Keiffer, MSW, LISW-S | Executive Director

Mission Statement
*Leading the Community
 In Its Commitment to
 End Domestic Violence.*

Highlights

MonDay Program

Each week, Artemis Center Advocates conduct a domestic violence education group at MonDay Correctional Institute. Over the course of seven weeks, up to twelve participants learn about subjects related to domestic violence. Topics include the effects of power and control dynamics, healthy boundaries, gender roles, effects of domestic violence on children, safety planning, and traumatic brain injuries.

The MonDay Program is a community-based corrections facility where residents serve 6-9 month sentences. Our partnership with the program began in 2015. In addition to facilitating the education group, advocates offer all Artemis Center services to residents who complete the program. If needed, advocates assist residents with getting protection orders while they are incarcerated as well as help them develop an individualized safety plan before they are released. In 2019, over **75** participants successfully completed the program.

2019 Prevention Programs

Artemis Center received a grant from Montgomery County Alcohol, Drug, Addiction and Mental Health Services (ADAMHS) to begin teaching prevention programming in local schools. One full-time and one part-time Artemis Center Prevention Specialist began teaching Safe Dates curriculum in five Dayton area schools. The program is held for four sessions and targets attitudes and behaviors associated with dating abuse and violence.

After completing the Safe Dates program, 85% of students were able to identify 3 or more warning signs of an abusive relationship, 100% of students could list one or more ways to help a friend in an abusive relationship, and 90% of students could name 3 examples each of physical and emotional abuse.

2019 By the Numbers

5,760

Survivors of Domestic Violence and their children were provided life-saving programs and services at no cost to them

3,707

Hotline Crisis calls were answered by Artemis Center Advocates
